

## Printers

Every department manages its own printers (black and white and color printers) and supplies. To facilitate the printing from a Windows environment, all the printers are shared via a central server.

## Installation

UNIL computer	CHUV computer
 UNIL   Université de Lausanne <b>Windows</b> You can install a printer with one click by using <a href="#">FBM Utility</a> .  <a href="#">Installing printers (Windows only)</a>  <b>Mac</b> The development of a solution to easily install UNIL printers on Mac workstations is in progress. In the meantime, please contact <a href="#">FBM IT support</a> to install a printer on your computer.  <b>PrintUNIL</b> Regarding PrintUNIL printers, please refer to the following documentation: <a href="#">PrintUNIL</a> <a href="#">How to register on PrintUNIL with a CHUV card (fr)</a>	 <b>CHUV</b> Centre hospitalier universitaire vaudois  <b>Windows</b> <a href="#">Some UNIL printers</a> in different departments may also be installed on CHUV computers. To do this, please refer to the Management of applicative printers documentation of the CHUV Service Desk.

## Poster

Posters are printed by the UNIL's reprography. For more information, please refer to the [documentation of UNIL's IT Center \(Ci\)](#).
