

## Infrastructures

Using the resources of the IT Center of UNIL (Ci), the FBM IT Service provides various servers.

### Internet services / Intranet ([wwwfbm.unil.ch](http://wwwfbm.unil.ch))

Thanks to our web services, we can offer the community many tools to facilitate daily work:

- administrative intranet of the FBM ([IAFBM](#));
- online survey tool ([LimeSurvey](#));
- reservation system of rooms and scientific setups ([FBM Calendar](#));
- loan system of IT resources available in the departments ([FBM loan system](#));
- inventory of scientific instruments in the departments ([FBM setups](#));
- institutionalized and personalized web space.

### Sharing of printing services ([fbmprint.unil.ch](http://fbmprint.unil.ch))

To facilitate the printing from a Windows environment, all the printers are shared via a central server.

### Document management system ([fbmgcd.unil.ch](http://fbmgcd.unil.ch))

To simplify the administrative work, an Document Management System (DMS) server is used.

### Sharing of applications ([fbmapp.unil.ch](http://fbmapp.unil.ch))

An applications server hosts many applications and allows the users to work on the same program at the same time, without having to install them on their computers.

- Kaleidagraph;
- Clonemanager;

### Contact

For the sharing of other applications, please contact the [IT Support of the FBM](#).
